WHAT IS ULTIMATE WORKOUT?

The Ultimate Workout is a unique mission project designed for teenagers in high school. Stripped of electronics, parents, and other familiar comforts, teen volunteers step into the mission field in search of a fresh perspective on the world, relationships, and God. During the project, volunteers live in simple conditions while building a church or school, coordinating outreach for the local community, and strengthening their personal connection to Jesus Christ. The Ultimate Workout is also great way to make life-long friends with young people from all over the world, while fulfilling a real need in the mission field.
